OFFER ENDS JUNE 6!

DRIVE ELECTRIC & CHARGE FOR LESS!

Electric vehicles

Rebates up to \$1,000

EV charging station

Rebates up to \$300

Time-of-use rate

Charge for less off-peak and save

More and more NHEC members are driving Electric Vehicles (EVs), some because they like the savings, others because they like doing their part for the environment. Whatever the case, NHEC has you covered with rebates totaling \$1,300 and an off-peak charging rate that allows you to charge at rates up to 40% lower than retail.

BEAT THE PEAK FOR A CHANCE TO WIN COOL STUFF!

As summer heat rises, so does the demand for electricity. Did you know that reducing your electric use during peak demand periods can impact future rates?

Enroll in Peak Days Program and Be Entered to Win

NHEC offers a free, voluntary program called **Peak Days** that encourages members to reduce their usage during the few hours of summer when demand peaks. Enroll in **Peak Days** before July 15 and be entered to win weekly prizes, plus be eligible for our grand prize drawing in August!

How It Works

When you enroll in the **Peak Days** program, NHEC will notify you before expected peak demand periods and ask you to voluntarily reduce your electric use during certain hours. Participating in **Peak Days** is **FREE** and completely **VOLUNTARY**. You are not required to adjust your electric use at any time. For more information or to enroll for your chance to win prizes, please visit: www.nhec.com/energy-management/peak-days.

TURN-IN EVENTS OFFERING \$30 FOR OLD AC UNITS & DEHUMIDIFIERS

Want to get rid of outdated or inefficient AC units and/or dehumidifiers? The NHSaves® utility partners are hosting events across New Hampshire where eligible customers can turn in room air conditioners and dehumidifiers for a \$30 incentive per unit. Here's how you can participate:

1. Bring an old, working room air conditioning unit or dehumidifier to the event.
2. Drop off your unit(s) and receive a rebate form from event staff.

[Preview the form here](#)

3. Complete the rebate form and submit it to the event staff.
4. Once approved, you'll receive your \$30 recycling rebate by mail 6 – 8 weeks after the form is submitted.

Restrictions include:

- Limit of 2 room AC's and 2 dehumidifiers per residential account serviced by a NHSaves utility partner.
- Commercial accounts are not eligible.

TURN-IN EVENTS ARE SCHEDULED STATEWIDE THROUGH OCTOBER. SEE THE LIST OF EVENTS [HERE](#) AND FIND THE ONE CLOSEST TO YOU!

WHAT IS NHSAVES®?

NHSaves is a collaboration of New Hampshire's four largest electric and natural gas utilities working together to provide NH customers with information, incentives, and support designed to save energy, reduce costs, and protect our environment statewide.

NHEC is a part of the NHSaves collaborative of utilities, which means YOU have access to all the energy efficiency programs, rebates and resources offered.

Visit www.NHSaves.com for great ideas and resources to save you time, money, and energy.

-  **ENERGY STAR® Appliance rebates**
-  **Incentives on high-efficiency heat pumps and heat pump water heaters**
-  **Home weatherization rebates & incentives**
-  **New home construction energy efficiency incentives**
-  **Income-eligible energy assistance**
