

MAINTENANCE RE-CLEARING SCHEDULE

AUGUST 2024

This list includes roads that are part of active re-clearing projects. This does not mean that the roads listed are necessarily scheduled for re-clearing during the current month. It is important to keep in mind that projects can range in length from fractions of a mile to many miles. This can mean that some roads may only be on the list for a month or two, while other roads may appear for several months, even longer than a year at times. This list contains roads that may have already been re-cleared, but since they are on a larger project where there is more re-clearing to be done, they still appear as they are on an "active" project.
